

Breast Health

Complete Breast Care

When it comes to breast cancer, Trinity Health System knows the importance of early detection, and of providing effective yet minimally-invasive treatment, and reconstructive surgery.

Images Mammography at Trinity is one of just 35 certified *Quality Breast Centers of Excellence* in the nation. Among other services, Images offers routine and diagnostic mammography, 3D breast imaging, ultrasounds, biopsies and MRIs.

If you are diagnosed with breast cancer, the **Tony Teramana Cancer Center** at Trinity provides all cancer treatment services under the same roof. As evidence of its quality cancer care, the Tony Teramana Cancer Center was featured in the July 2006 issue of *U.S. News & World Report's Best Hospitals edition*.

From detection to remission, there's no need to go anywhere else but Trinity Health System for the complete breast care. At Trinity, we're dedicated to improving women's quality of life through early detection, wellness programs, case management, support groups and state-of-the-art medical care.
