

Trinity Health System Foundation

The Trinity Health System Foundation's mission is to support the entire Trinity Health System by providing funds necessary for excellent clinical care, education, equipment, technology and facility advancements, as well as patient and community aid.

When you financially support The Trinity Health System Foundation you become our partner in caring for our community. As a valued partner in our mission, you have the ability to define your donation and how it is disbursed. Within our foundation we have various options available for your consideration.

General Donations:

Donations will go directly to the Trinity Health System Foundation for funding needs that are deemed appropriate and worthy. These contributions are distributed at the discretion of the Trinity Health System Foundation Board.

Restricted Donations:

Donations will be restricted to a specific fund of your choice. You will have total control of how your contribution will be disbursed.

Memorial Donations:

Donations can be made in memory of a loved one or someone of who you wish to acknowledge with your contribution. These contributions can be designated and restricted to a specific fund within the Foundation or made to the Foundation's general fund.

Honorary Donations:

Donations can be made for individuals or organizations that you wish to honor out of the respect and admiration you have for them or the work they've done. These contributions can be designated and restricted to a specific fund within the Foundation or made to the Foundation's general fund.

Educational Donations:

Donations can be made for educational purposes within the hospital or for the community at large. These contributions can be designated and restricted to a specific fund within the Foundation.

Foundation Board of Directors

The Trinity Health System Foundation Board:

- Jerry Simpson, President
- Gary Armentrout
- Shawn Blake
- Sam Licata, MD
