

Who We Are

What really makes one health care facility different from another? At Trinity Health System, the answer to this question lies within the conscience of the organization- in other words, its philosophy of patient care, and in its degree of commitment to creating an environment which allows it to carry out that philosophy.

Who we are....the system provides care to a service area of just over 200,000 individuals. Trinity is accredited by the Joint Commission on the Accreditation of Hospitals, a member of the American Hospital Association, Voluntary Hospitals of America and the Catholic Hospital Association. The system offers a full array of acute and outpatient services on two campuses. Trinity also maintains physician offices, Walk-in Lab Draw facilities the Tony Teramana Cancer Center, WorkCare and the Digestive and Nutrition Center throughout the Tri-State area.

Additionally, at Trinity we understand patient education is a vital role in maintaining a healthy community. Our staff participates in numerous health fairs and blood screening programs throughout the year.

Trinity Health System is a member of Catholic Health Initiatives (CHI). CHI currently offers care in 17 states across 100 hospitals, including four academic health centers and major teaching hospitals as well as 30 critical-access facilities, community health-service organizations, and nursing colleges.
