

Visitation Guidelines

We're using four new, statewide visitation levels — yellow, orange, red and purple — to protect our patients and caregivers and limit the spread of COVID-19. The visitation levels are based on data about how COVID-19 is spreading, including state and county public health information. If you're visiting a COVID-19 positive patient, you must wear provided personal protective equipment (PPE). Even when you can't visit in person, we encourage you to stay connected virtually.

These guidelines are being put in place for the safety of our patients, caregivers and community. Thank you for your understanding.

PLEASE NOTE: All visitors must wear a mask, have their temperature taken and sanitize their hands. Visitation guidelines are subject to change if safe physical distancing isn't possible.

Visitation Levels

More Open

More Restricted

| Level Yellow | COVID-19 Positive patients (PPE provided) | COVID-19 Negative patients |
|--------------|---|----------------------------|
| All Patients | No visitors** | Normal (open visitation) |

PLEASE NOTE: Patients must follow all social distancing and masking guidelines.

*Patients may choose one individual (18 or older) to be their designated visitor. That designated visitor may visit each day during the patient's hospital stay.

**Special assistance is any circumstance where a patient's care team determines that a visitor is critical to physical or emotional care. A patient's care team may make compassionate exceptions, such as for end of life situations. Each of these cases must be escalated to the Nursing Supervisor &/or the Administrator on Call. Approval can only be obtained through this Chain of Command.

| Skilled Care Patients | | |
|---|---------------|--|
|  Skilled Care | No visitors** | 1 visitor per day for 30 minutes scheduled during designated times |

PLEASE NOTE: If in Outbreak Status (positive staff or patients in-house) no visitation allowed. No visitors under the age of 16. Subject to change based on Ohio Department of Health Orders

**Special assistance is any circumstance where a patient's care team determines that a visitor is critical to physical or emotional care. A patient's care team may make compassionate exceptions, such as for end of life situations. Each of these cases must be escalated to the Nursing Supervisor &/or the Administrator on Call. Approval can only be obtained through this Chain of Command.

Visitation Guidelines

| Level Orange | COVID-19 Positive patients (PPE provided) | COVID-19 Negative patients |
|---|---|---|
| Adult Patients | | |
|  Hospitalized Patients | No visitors** | One visitor per day |
|  Appointments and Procedures (without a hospital stay) | No visitors** | One visitor |
|  Emergency Department | No visitors** | One visitor |
|  Prenatal Appointments | No visitors** | One visitor |
|  Labor and Delivery | One designated visitor* | One designated visitor* |
| Pediatric Patients | | |
|  Appointments, Procedures, and Hospitalizations | One parent or guardian | Two parents or guardians |
|  Emergency Department | One parent or guardian | Two parents or guardians |
| Skilled Care Patients | | |
|  Skilled Care | No visitors** | 1 visitor per day for 30 minutes scheduled during designated times (If High Occurrence Status = No Visitation) |

PLEASE NOTE: Outside clergy is not permitted due to this level of community spread.
