

Online Patient Portal and healow Mobile App

Health care today is all about teamwork. At Trinity Medical Group our doctors, advanced practice providers, and staff all play key positions on your health care team. But the most important team member is you.

The Patient Portal & the Healow Mobile App is a free and secure platform designed to empower you and allow you to manage your health - Anytime and Anywhere

The Patient Portal and Healow offers many features that allow you to communicate with your care team and monitor you or your family's health all from one place.

What can you do with the Patient Portal?

- Access your personal health records and immunization history
- Update your demographics, IDs, and Insurance information
- Manage multiple accounts, all with one APP
- Manage your medicine cabinet, request refills, and receive health alerts
- Send and Receive Messages from staff
- Receive automated reminders for upcoming appointments
- View labs and radiology reports
- Choose trackers that's important to you, monitor vitals, and review medication lists.
- Review patient education
- Review referrals and active chart documents
- See billing statement and Make secure online Payments -including text to pay
- Save time with the ability to Confirm, Cancel or Check in for your appointments from healow
- And More!
